 System Replenishment

System Replenishment Fee  
 This shall be an individual line item charge, which is designated for construction costs and replacement of regulating and measurement equipment. This will be utilized for a period of up to Ten (10) years. The necessity of the System Replenishment Fee (SRF) shall be determined annually by the utility at the end of each calendar year. A report of the utility's need for continuation of the fee, the replacements made in the previous calendar year and the proposed replacements for the current period shall be made and filed with the Director of the Gas Services Division within 45-days after the end of each calendar year.

A charge of up to \$0.50 per Mcf will be applied to all consumption by all classes of customers.

Under no circumstances will the SRF exceed \$0.50 per Mcf or for a period more than Ten (10) years.

The SRF shall be used to replace the distribution system infrastructure, i.e., mains, service lines, rises, meters, etc. The SRF shall not be used to compensate the utility's employees, replace office equipment, vehicles, office supplies, normal operation and maintenance expenses or other non-infrastructure equipment. The utility shall maintain a separate auditable account of the monies collected and expended on system replacement.

System Replenishment Fee Annual Report:

The SRF Annual Report shall include the following:

- 1) The utility's reassessment of the necessity of the continuation of the fee by determining:
  - a) A detailed description of the replacements that have been made in the previous 12-month period and the dollars expended on those replacements;
  - b) The beginning balance at January 1st and the ending balance at December 31st;
  - c) A detailed description of the overall replacement or repairs that still need to be made;
  - d) An estimate of the volumes for the current year and the amount of estimated

fess that will be collected;  
 e) A reassessment of the remaining replacements plans for each of the remaining years by year to include revised estimated costs.  
 2) A detailed list of the materials and estimated cost in the current years proposed replacement plan;  
 3) A list of the contractors and suppliers of materials for the previous years replacement project.  
 4) A reconciliation of the previous years project expenditure by identifying each contractor and supplier to the dollars expended for each contractor and supplier.

**Other Surcharges**

Other Surcharges:  
 T & L GAS will recover other surcharges as authorized by federal, state and local regulatory authorities in accordance with applicable statutes, laws, regulations, ordinances, orders, rules, contracts, or agreements.

**Gas Cost Adjustment**

Gas Cost Adjustment  
 Applicability:  
 This adjustment is applicable to all customers served by the utility, except for customers purchasing gas under a negotiated contract.

Purchased Gas Adjustment:  
 The monthly Purchased Gas Adjustment (PGA) shall be the cost of gas billed to the utility by the supplier(s) of gas to the system. The cost of gas shall be expressed in a per Mcf format by dividing the total amount purchased, plus all gas related costs from the supplier and third parties, in dollars by the amount of volume in Mcf purchased.  
 The product, or Weighted Average Cost of Gas (WACOG), shall be called the PGA and billed to the customer per Mcf, or fraction thereof, consumed each month. The PGA shall be calculated using actual amounts invoiced and billed by the supplier for the same approximate period that meters are read, i.e., amounts invoiced and billed by the supplier in January will be applied to meters read in January and billed to the customer in the following month. The Base Cost of Gas is \$0.00 per Mcf.

Any adjustment, refund and/or billing correction received by the utility for a prior period shall be included in the current month's PGA calculation.

The utility shall limit recovery of Lost and Unaccounted Gas (LUG) to actual, not

to exceed a maximum of 5%, calculated each year for the twelve months ended June 30. In no case shall the utility collect more than it's actual expense. Any over or under collection shall be refunded or collected within a reasonable amount of time after being discovered by the utility or regulating authority.

**RevenueRelatedTaxAd**

Revenue Related Tax Adjustment:  
 Each monthly bill, as adjusted above shall also be adjusted by an amount equal to the various revenue related taxes or other fees and charges imposed by regulatory or governmental authorities. This includes, but is not limited to, Gross Receipts taxes, fees, or any other governmental imposition, fees or charges levied that is based on any portion of revenues billed by the utility or based on service lines, meters or other equipment.

RAILROAD COMMISSION OF TEXAS  
GAS SERVICES DIVISION  
GSD - 1 TARIFF REPORT

07/17/2018

RRC COID: 5601 COMPANY NAME: T &amp; L GAS CO.

TARIFF CODE: DS RRC TARIFF NO: 18188

A. Volume of gas reserves attached to its system together with a brief description of each separate source of gas reserves setting forth the following:

1. the name of the supplier,
2. the term of each contract in years, and the years remaining on said contract,
3. the volume of recoverable reserve contracted for, and
4. rated deliverability of such reserves in MCF.

B. Capacity and location of underground storage, if any, attached to its system with a statement of whether the company's storage balance is above or below its desired level for this time, and, if below, what plans has the company made to restore the balance.

C. Peak day and average daily deliverability on an annual basis of its wells, gas plants and underground storage attached to its system.

D. Peak day capacity of its system.

E. Forecast of additions to reserves for each of the next two succeeding years.

F. Location and size of the line pipes, compressor stations, operating maximum line pressures, and a map showing delivery points along the system.

G. Disposition of all gas entering its system, with names of all customers other than residential customers and volumes delivered to each during the past calendar year. Identify those customers using 3,000 MCF gas per day, or more, which are under a service contract, and if such contract includes an "Interruptible Service" clause, and if so, attach a reproduced copy of the relevant provisions of such contract.

H. Steps taken in past years, being taken at the present, and to be taken to alleviate curtailments.

## RULE 2.

Until such time as the Commission has specifically approved a utilities curtailment program, the following priorities in descending order shall be observed:

- A. Deliveries for residences, hospitals, schools, churches and other human needs customers.
- B. Deliveries of gas to small industrials and regular commercial loads (defined as those customers using less than 3,000 MCF per day) and delivery of gas for use as pilot lights or in accessory or auxiliary equipment essential to avoid serious damage to industrial plants.
- C. Large users of gas for fuel or as a raw material where an alternate cannot be used and operation and plant production would be curtailed or shut down completely when gas is curtailed.
- D. Large users of gas for boiler fuel or other fuel users where alternate fuels can be used.

This category is not to be determined by whether or not a user has actually installed alternate fuel facilities, but whether or not an alternate fuel "could" be used.

E. Interruptible sales made subject to interruption or curtailment at Seller's sole discretion under contracts or tariffs which provide in effect for the sale of such gas as Seller may be agreeable to selling and Buyer may be agreeable to buying from time to time.

RULE 3.

Each gas utility that has obtained Commission approval of a curtailment program shall conduct operations in compliance with such program.

So long as any gas utility which has obtained Commission approval of a curtailment program continues to curtail deliveries to its customers, except as provided by contract or those customers included in Part E of Rule 2 above, it (a) shall file on or before April 1 of each year, under oath, the information called for in Rule 1, for the preceeding year, and (b) shall not, without Commission approval, make sales of gas to any new customers or increase volumes sold to existing customers, except those new or existing customers defined in Parts A & B of Rule 2 above.

IT IS FURTHER ORDERED that this cause be held open for such other and further orders as may be deemed necessary.

ENTERED AT AUSTIN, TEXAS, this 5th day of January, 1973.

imposition, fees or charges levied that is based on any portion of revenues billed by the utility or based on service lines, meters or other equipment.

**System Replenishment**

System Replenishment Fee  
 This shall be an individual line item charge, which is designated for construction costs and replacement of regulating and measurement equipment. This will be utilized for a period of up to Ten (10) years. The necessity of the System Replenishment Fee (SRF) shall be determined annually by the utility at the end of each calendar year. A report of the utility's need for continuation of the fee, the replacements made in the previous calendar year and the proposed replacements for the current period shall be made and filed with the Director of the Gas Services Division within 45-days after the end of each calendar year.

A charge of up to \$0.50 per Mcf will be applied to all consumption by all classes of customers.

Under no circumstances will the SRF exceed \$0.50 per Mcf or for a period more than Ten (10) years.

The SRF shall be used to replace the distribution system infrastructure, i.e., mains, service lines, rises, meters, etc. The SRF shall not be used to compensate the utility's employees, replace office equipment, vehicles, office supplies, normal operation and maintenance expenses or other non-infrastructure equipment. The utility shall maintain a separate auditable account of the monies collected and expended on system replacement.

System Replenishment Fee Annual Report:

The SRF Annual Report shall include the following:

- 1) The utility's reassessment of the necessity of the continuation of the fee by determining:
  - a) A detailed description of the replacements that have been made in the previous 12-month period and the dollars expended on those replacements;
  - b) The beginning balance at January 1st and the ending balance at December 31st;
  - c) A detailed description of the overall replacement or repairs that still need to be made;
  - d) An estimate of the volumes for the current year and the amount of estimated

**Gas Cost Adjustment**

Gas Cost Adjustment

Applicability

This adjustment is applicable to all industrial customers served by the utility, except for customers purchasing gas under a negotiated contract.

Purchased Gas Adjustment

The monthly Purchase Gas Adjustment (PGA) shall be the cost of gas billed to the utility by the supplier (s) of gas to the system. The cost of gas shall be expressed in a per Mcf format by dividing the total amount purchased, plus the gas related cost from the supplier and third parties, in dollars by the amount of volume in MCF purchased. The product, or Weighted Average Cost of Gas (WACOG), shall be called the PGA and billed to the customer per MCF, or fraction thereof, consumed each month. The PGA shall be calculated using actual amounts invoiced and billed by the supplier for the same approximate period that meters are read, ie., amount invoiced and billed by the supplier in January will be applied to meters read in January and billed to the customer in the following month. The Base Cost of Gas is \$0.00 per Mcf.

Any adjustment, refund and /or billing correction received by the utility for a prior period shall be included in the current month's PGA calculation.

The utility shall limit recovery of Lost and unaccounted Gas (LUG) to actual, not to exceed a maximum of 5%, calculated each year for the twelve months ended June 30. In no case shall the utility collect more than its actual expense. Any over or

The Commission may approve the program without a hearing; set the matter for a public hearing on its own motion or on the motion of any affected customer of said utility.</p> <p>The curtailment program to be filed shall include, in verified form, the following information:</p>

RAILROAD COMMISSION OF TEXAS  
GAS SERVICES DIVISION  
GSD - 1 TARIFF REPORT

07/17/2018

RRC COID: 5601 COMPANY NAME: T &amp; L GAS CO.

TARIFF CODE: DS RRC TARIFF NO: 23477

A. Volume of gas reserves attached to its system together with a brief description of each separate source of gas reserves setting forth the following:

1. the name of the supplier,
2. the term of each contract in years, and the years remaining on said contract,
3. the volume of recoverable reserve contracted for, and
4. rated deliverability of such reserves in MCF.

B. Capacity and location of underground storage, if any, attached to its system with a statement of whether the company's storage balance is above or below its desired level for this time, and, if below, what plans has the company made to restore the balance.

C. Peak day and average daily deliverability on an annual basis of its wells, gas plants and underground storage attached to its system.

D. Peak day capacity of its system.

E. Forecast of additions to reserves for each of the next two succeeding years.

F. Location and size of the line pipes, compressor stations, operating maximum line pressures, and a map showing delivery points along the system.

G. Disposition of all gas entering its system, with names of all customers other than residential customers and volumes delivered to each during the past calendar year. Identify those customers using 3,000 MCF gas per day, or more, which are under a service contract, and if such contract includes an "Interruptible Service" clause, and if so, attach a reproduced copy of the relevant provisions of such contract.

H. Steps taken in past years, being taken at the present, and to be taken to alleviate curtailments.

## RULE 2.

Until such time as the Commission has specifically approved a utilities curtailment program, the following priorities in descending order shall be observed:

- A. Deliveries for residences, hospitals, schools, churches and other human needs customers.
- B. Deliveries of gas to small industrials and regular commercial loads (defined as those customers using less than 3,000 MCF per day) and delivery of gas for use as pilot lights or in accessory or auxiliary equipment essential to avoid serious damage to industrial plants.
- C. Large users of gas for fuel or as a raw material where an alternate cannot be used and operation and plant production would be curtailed or shut down completely when gas is curtailed.
- D. Large users of gas for boiler fuel or other fuel users where alternate fuels can be used.

This category is not to be determined by whether or not a user has actually installed alternate fuel facilities, but whether or not an alternate fuel "could" be used.

E. Interruptible sales made subject to interruption or curtailment at Seller's sole discretion under contracts or tariffs which provide in effect for the sale of such gas as Seller may be agreeable to selling and Buyer may be agreeable to buying from time to time.

RULE 3.

Each gas utility that has obtained Commission approval of a curtailment program shall conduct operations in compliance with such program.

So long as any gas utility which has obtained Commission approval of a curtailment program continues to curtail deliveries to its customers, except as provided by contract or those customers included in Part E of Rule 2 above, it (a) shall file on or before April 1 of each year, under oath, the information called for in Rule 1, for the preceeding year, and (b) shall not, without Commission approval, make sales of gas to any new customers or increase volumes sold to existing customers, except those new or existing customers defined in Parts A & B of Rule 2 above.

IT IS FURTHER ORDERED that this cause be held open for such other and further orders as may be deemed necessary.

ENTERED AT AUSTIN, TEXAS, this 5th day of January, 1973.
