TUC APPLICABILITY**FACTS SUPPORTING SECTION 104.003(b) APPLICABILITY**

Neither the gas utility nor the customer had an unfair advantage during the negotiations.

NOTE: (This fact cannot be used to support a Section 104.003(b) transaction if the rate to be charged or offered to be charged is to an affiliated pipeline.)

The rate is substantially the same as the rate between the gas utility and at least two of those customers under the same or similar conditions of service. Competition does or did exist either with another gas utility, another supplier of natural gas, or a supplier of an alternative form of energy.

I affirm that a true and correct copy of this tariff has been sent to the customer involved in this transaction.

TARIFF CODE: TM **RRC TARIFF NO:** 27684

TUC APPLICABILITY

FACTS SUPPORTING SECTION 104.003(b) APPLICABILITY

Neither the gas utility nor the customer had an unfair advantage during the negotiations.

NOTE: (This fact cannot be used to support a Section 104.003(b) transaction if the rate to be charged or offered to be charged is to an affiliated pipeline.)

The rate is substantially the same as the rate between the gas utility and at least two of those customers under the same or similar conditions of service.

Competition does or did exist either with another gas utility, another supplier of natural gas, or a supplier of an alternative form of energy.

I affirm that a true and correct copy of this tariff has been sent to the customer involved in this transaction.

The Fee will be escalated January 1, and each 12 Months thereafter by 2.5% compound. Aid in Construct. Producer agrees to reimburse Gatherer for (a) 100% of the costs incurred (which would include any interest and cost of capital, direct or indirect labor costs, benefits, bonuses, travel costs, and direct or indirect third party costs incurred) to construct the Receipt Point(s) and the pipelines, meters, and other facilities associated with or related to the connection of the Dedicated Interests to the Receipt Point(s) and the Receipt Point(s) to the Gathering System, and (b) Producer's pro rata share of 100% of costs incurred by Gatherer to install any future compressor units or to perform facility upgrades made to the Gathering System which may be required in the sole reasonable discretion of the Gatherer, for Gatherer to perform its obligations under this Contract. The installation plans, component specifications, and cost estimate for such construction or upgrade to be completed will be determined by Gatherer, in Gatherer's sole discretion. TUC APPLICABILITY**FACTS SUPPORTING SECTION 104.003(b) APPLICABILITY**

Neither the gas utility nor the customer had an unfair advantage during the negotiations.

NOTE: (This fact cannot be used to support a Section 104.003(b) transaction if the rate to be charged or offered to be charged is to an affiliated pipeline.)

The rate is substantially the same as the rate between the gas utility and at least two of those customers under the same or similar conditions of service. Competition does or did exist either with another gas utility, another supplier of natural gas, or a supplier of an alternative form of energy.

I affirm that a true and correct copy of this tariff has been sent to the customer involved in this transaction.
